## TOP 10 Holiday Park

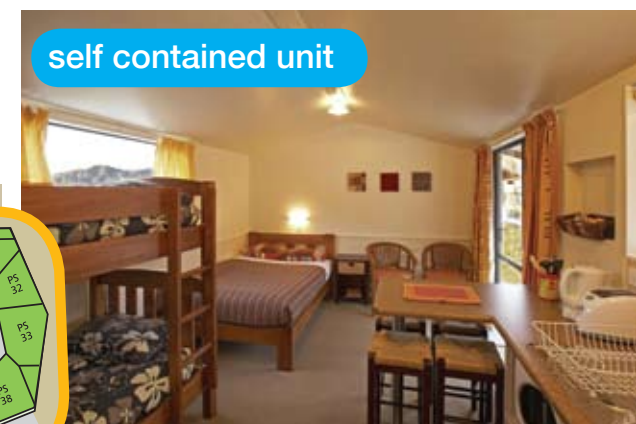

Queenstown

**Group FUN  
starts here!**

## Shotover Top 10 Holiday Park

is the ideal venue for School or Sports groups with range of newly refurbished accommodation options to suit.

Two main accommodation blocks are now substantially refurbished. The historic lodges were originally built to house construction workers during the Manapouri hydro-electric power project. Moved onto site at the end of the project they remained untouched until Kenneth and Sandra Mitchell took over in August 2005. Renaming them after their favourite native trees, the lodges are now a great asset to the park.

Rata Lodge now has ten ensuite rooms with separate entrances, balconies and breakfast facilities. Six rooms have double beds, two have double bunks and two have one queen bed and four bunks.

Kanuka Lodge is a refitted 11-room bunkhouse with nine bunkrooms and two doubles all running off a central corridor. Bathroom facilities are shared and the lodge is also close to the main communal amenity block with showers, toilets and kitchens.

## onsite:

- Meeting Facilities
- Hangi Pit
- Garden surroundings
- Excellent indoor communal spaces
- Clean, modern facilities

Located in a quiet setting close to the base of Coronet Peak and within walking distance to Strike bowl, the Moonlight walking trail, hot pools and the Shotover Jet.

## TOP 10 Holiday Park

### Queenstown

"Our location is great for groups and we feel we have something really special to offer them. Many groups, especially schools, don't want to stay in the centre of Queenstown with all its distractions."

"We're located at Arthur's Point, above the Shotover River and on the road to Coronet Peak and Arrowtown. The site has all-day sun and heaps of open space which is perfect for team building exercises and games. Of course it never rains in Queenstown but we have great indoor space too, just in case!"

There are further plans for improvements at **Shotover TOP 10 Holiday Park** over the coming years including dedicated conference and entertainment facilities and brand new units for families and groups.
